DETAILED ACTION

Response to Amendment

1. The amendment filed 07-14-2008 has been entered.
2. Claims 1-20 are pending.
3. Acknowledgement is made of the amendments to the specification, including the amended abstract.
4. Acknowledgement is made of the replacement sheets of drawings (Figures 1 and 2) which have been approved by the examiner.

Allowable Subject Matter

5. Claims 1-20 are allowed.
6. The following is an examiner's statement of reasons for allowance: Regarding claim 1, Besnard (US#20020130777) represents the closest prior art of record. Besnard discloses a tamper evident primary container, or envelope, (Fig. 1) for storing valuables which is sealed via flap 6 and adhesive 7, and a staining medium located in reservoir 22 whereby the staining medium escapes via a slot/path 36. However, the Besnard envelope is not partitioned into first and second portions that communicate with each other through at least one path, wherein the staining medium is dispensed into the second portion to flow into the first portion through the path. It would not have been obvious to one of ordinary skill in the art to modify Besnard to cure this deficiency.
7. Likewise, regarding claim 2, Besnard fails to disclose portioning means separating the envelope into first and second portions that communicate with each other through at least one path, and a second opening formed into the second portion through which the staining medium is

introduced therein. It would not have been obvious to one of ordinary skill in the art to modify Besnard to cure this deficiency.

8. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
